Character

You have several desirable qualities. First and foremost, you revel in work and there is hardly a limit to the amount of work you can do. Next, you have your eyes wide open and your brain is alert. Taken together, these qualities single you out as being a very powerful influence in your own sphere of activities. You are wonderfully practical in all you do, and you have a very keen brain for remembering details. In fact, details mean so much to you that you are apt to irritate some of your co-workers with them. You never forget a face, though you are less accurate in remembering names. You are a person who wants to know the why and where of everything. Until you are satisfied on these points, you refrain from acting. Consequently, sometimes you miss a good deal, and some people look upon you as a procrastinator. In a measure you are too sensitive and often you hold back when you should go ahead. This unfits you for certain forms of leadership. You do not want your own way in many things. In fact, you are very amenable, taken all round.

Happiness And Fulfillment

You are having the feelings of confidence and optimism. You always feel that things will turn out well and have the ability to make this come to pass. Extremely kind and tolerant of others, you are also very practical, and can gain complete understanding of total concepts from the most minor detail. Career

You like to avoid office politics and refuse to fight against others for coveted positions in industry. Find situations where you can work alone, do your own thing, and work at your own pace, such as writing, painting, computer programming and so on.

Occupation

There are many remunerative occupations which might engage your energies profitably. Your aptitude for making plans fits you for a whole host of businesses and trades where originality counts and this applies just as much to women as to men. Trained in another direction, the same quality would help in organising. Thus, your are eminently fitted for directing the details of large commercial concerns. What you should avoid are all those jobs which are the same year in, year out, and where one day's work is merely a repetition of another. Routine jobs are not for you.

Health

You have a strong constitution, but are apt to overtax it with work and play. Everything you do, you do strenuously, so that the life you lead takes too much out of you. Be calmer in your actions, be more deliberate, take a few minutes longer over walking and eating in your meals. Never cut down the hours of sleep, and avoid working overtime as much as possible. Take as long holidays as you can and plan them to be restful. It is your heart that will be the first organ to trouble you should illness come. If it is overtaxed it will rebel against your method of life, but it will do so mildly on the first occasion. Take warning of the very first signs of trouble, for the next occasion will be more serious.

The most distant hills will beckon to you, and you will want to know what they look like close to.

Love Matters

You set much score on a home of your own, and marriage brings this into being in a manner which you consider more perfect than any other. Your home will be your God. If you are a woman, you will say, when there will be your children because you were never so completely happy until they came. You will marry for love, naturally, but as the years roll on, you will think more and more of your partner, until a time will come when you cannot bear to be separated even for a day or two.

Finance

You will be lucky in money matters, but inclined to indulge in luxury and an extravagant style of living. You will be prone to take great risks in speculation or in attempting to do business on too large a scale, but speaking generally, you are expected to be very successful. || Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Eighth house from Lagna, while in the Moon chart Mangal is placed in Eleventh house.

Hence Mangal Dosha is present in Lagna Chart but not in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

Some Remedies (in case Mangal Dosha is present)

Remedies (needs to be performed before marriage)

Kumbha Vivah, Vishnu Vivah and Ashwatha Vivah are the most popular remedies for Mangal Dosha. Ashwatha vivaha means the marriage with peepal or banana tree and cutting the tree after that. Kumbha Vivah, also called Ghata Vivaha, means marriage with a pot and breaking it after that.

Remedies (can be performed after marriage)

1. Keep Kesariya Ganapati (Orange coloured idol of Lord Ganesha) in worship room and worship daily.
2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

Remedies (based on Lal Kitab, can be performed after marriage)

1. Feed birds with something sweet.
2. Keep ivory (Haathi Daant) at home.
3. Worship banyan tree with milk mixed with something sweet.

Note: We strongly recommend you to consult an astrologer before performing these remedies by your own.

Shani Sade Sati: Rising Phase

This is starting period of Shani's Sade Sati. In this period Saturn will be transiting in 12th house from the Moon. It generally indicates financial loss, problems by hidden enemies, aimless travel, disputes, and poverty. During this period, you may face problems created by your hidden enemies. Relationship with your colleagues will not be good enough and they will create problems in your work environment. You may also face challenges on your domestic front. This may create pressure and tension. You need to exercise control over your spending otherwise it will lead to bigger financial problems. Long distance travels may not be fruitful during this period. Saturn's nature is of delay and dejection, but generally you will get results eventually, so be patient and wait for your turn. Take this period as learning period, put your hard work and things will fall in place. You are advised not to take high risks in business matters in this period.

Shani Sade Sati: Peak Phase

This is the peak of Shani's Sade Sati. Generally this phase of Saturn is the most difficult one. Saturn transiting over natal Moon indicates health problems, character assassination, problems in relationship, mental afflictions, and sorrows. You will find it difficult to achieve success in this period. You may not get results of your hard work and feel restricted. Your constitution and immune system will not be strong. As first house is the house of health, you should start exercising and taking care of your health, otherwise you can be caught by chronic diseases. You may suffer from depression, unknown fear or phobia. You will lack clarity in thinking, action, and decision making. You will be spiritually inclined and will be attracted by intricacies of nature. Acceptance and doing basics right will sail you out of this period.

Shani Sade Sati: Setting Phase

This is 'setting' period of Shani's Sade Sati. Saturn will be transiting in the 2nd house from the natal Moon, which indicates difficulty on financial and domestic front. You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

Note: Above predictions are of general nature and are based on general belief that Sade Sati is harmful. || Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
